

Production Demo Requirements

Candidates interested in the Production Degree or Diploma programs at McNally Smith College of Music should submit a demonstration recording of three pieces they have produced, arranged, and/or recorded. These three pieces should be selected for their stylistic contrast, musical interest, and technical and/or creative expression. Please describe your individual participation in detail for each of these recordings. Submissions that do not include this information will not be considered.

McNally Smith will accept CD's, mp3's, DVD's, or clearly described links to web pages containing your music. Please label both the case and the CD **CLEARLY** with your name.

Please be sure to send copies of these recordings and not the original masters, as they will not be returned.
